WELCOME TO I.S SURVEYING & GEOINFORMATICS LTD

We are delighted to introduce you to our world of precision, innovation, and excellence in surveying, geoinformatics, and civil engineering services. Since our establishment in 2013, we have remained committed to delivering quality-driven solutions that meet the highest professional standards. .

This company profile offers you an insight into who we are, what we do, and how we strive to contribute meaningfully to national development through technology, expertise, and integrity.

Thank you for taking the time to learn more about us. We look forward to the opportunity to serve you.

About Company

I.S Surveying & Geoinformatics Ltd is a dynamic and multifaceted company specializing in surveying, geoinformatics, mapping, drone services, building and civil engineering. Since our incorporation in 2013, we have consistently delivered high-quality services across Nigeria. Our projects span various sectors and locations, and we pride ourselves on client satisfaction, technical expertise, and ethical business practices.

Message From The CEO

At I.S Surveying & Geoinformatics Ltd, we are driven by precision, integrity, and innovation. Since 2013, our mission has been to deliver top-tier surveying and engineering solutions that empower development and exceed expectations. Thank you for trusting us.

Surv. Amb Ibrahim Saleh Gwani

(FIOGHS, FNATE, FNSF, MNIS, MNSET, MGSON, PMP, CPM, ACIPM)

OUR MISSION

To redefine standards in surveying, geoinformatics, and civil engineering by maintaining superior quality control and innovation in every project we execute.

VISSION

To be recognized as a leading surveying and engineering company in Nigeria, known for quality, professionalism, and a strong commitment to community development.

OUR CORE VALUES

01

PROFESSIONALISM

We deliver services with competence, accuracy, and reliability.

02

INTEGRITY

We uphold the highest ethical standards in all we do..

03

INNOVATION

We embrace modern technologies to offer cutting-edge solutions.

04

TEAMWORK

We work collaboratively to achieve common goals.

05

CLIENT SATISFACTION

We are committed to exceeding our clients' expectations.

06

EXCELLENCE

We strive for outstanding quality in every project.

07

SUSTAINABILITY

We promote practices that support long-term development.

Our Service

01

Cadastral Surveying Service

We provide precise cadastral surveys that define property boundaries, support land registration, and facilitate land titling. Our services assist in resolving boundary disputes, preparing legal land documents, and supporting land acquisition or development projects.

02

Topographic Surveying Service

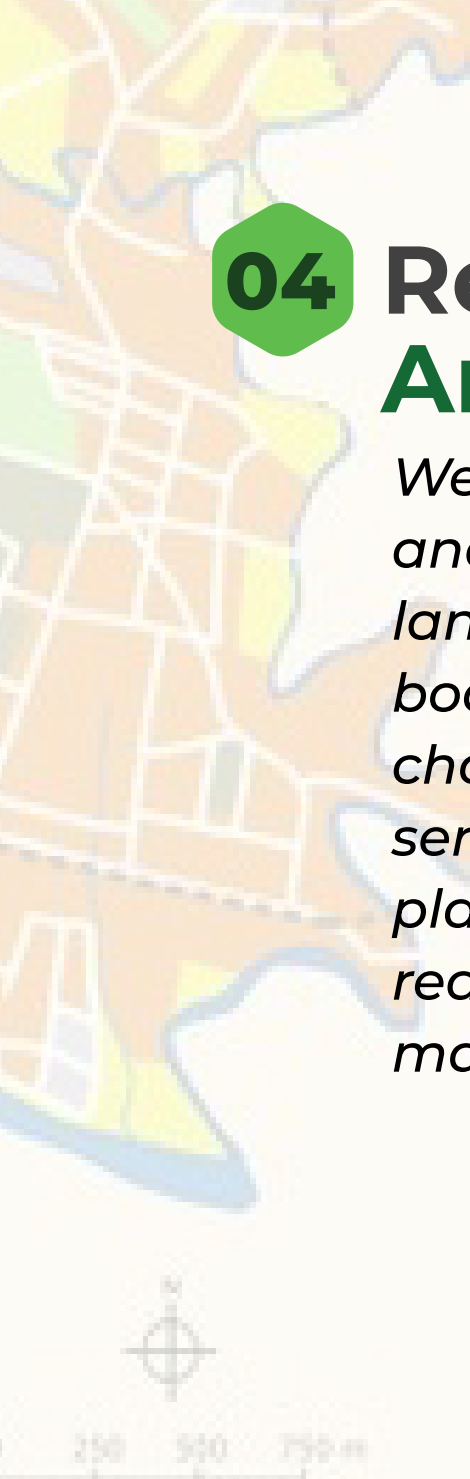

Our topographic surveys capture the natural and man-made features of the terrain, providing detailed maps and elevation data essential for engineering design, planning, and infrastructure development.

OUR SERVICES

03

Geographic Information System

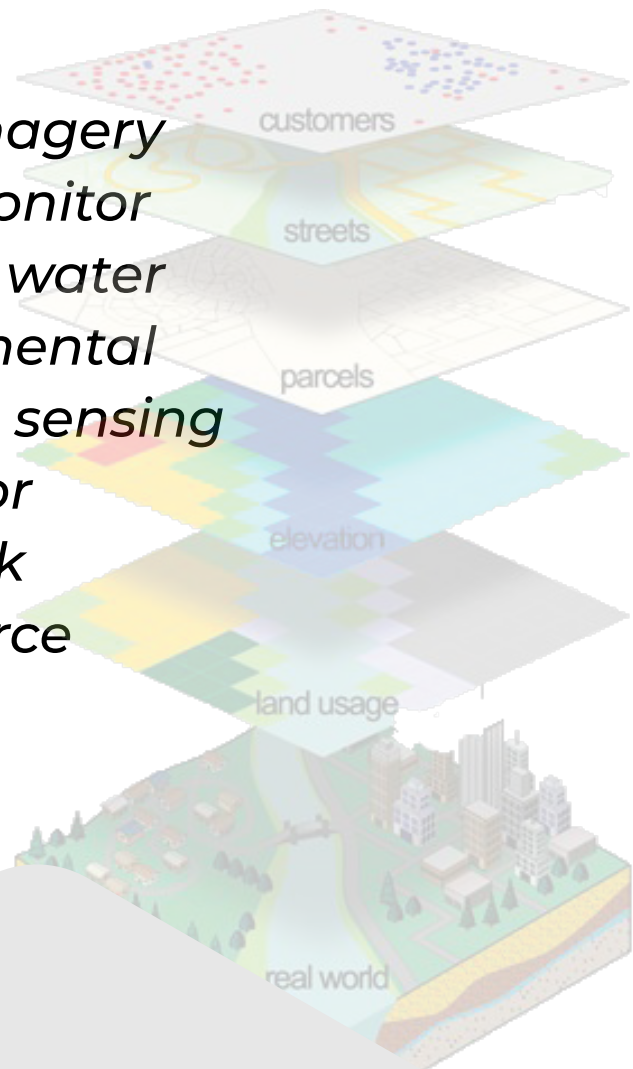

We design and implement GIS solutions that integrate spatial and attribute data for effective decision-making. Our GIS services support planning, monitoring, and analysis across sectors such as urban development, agriculture, and environmental management.

04

Remote Sensing Analysis

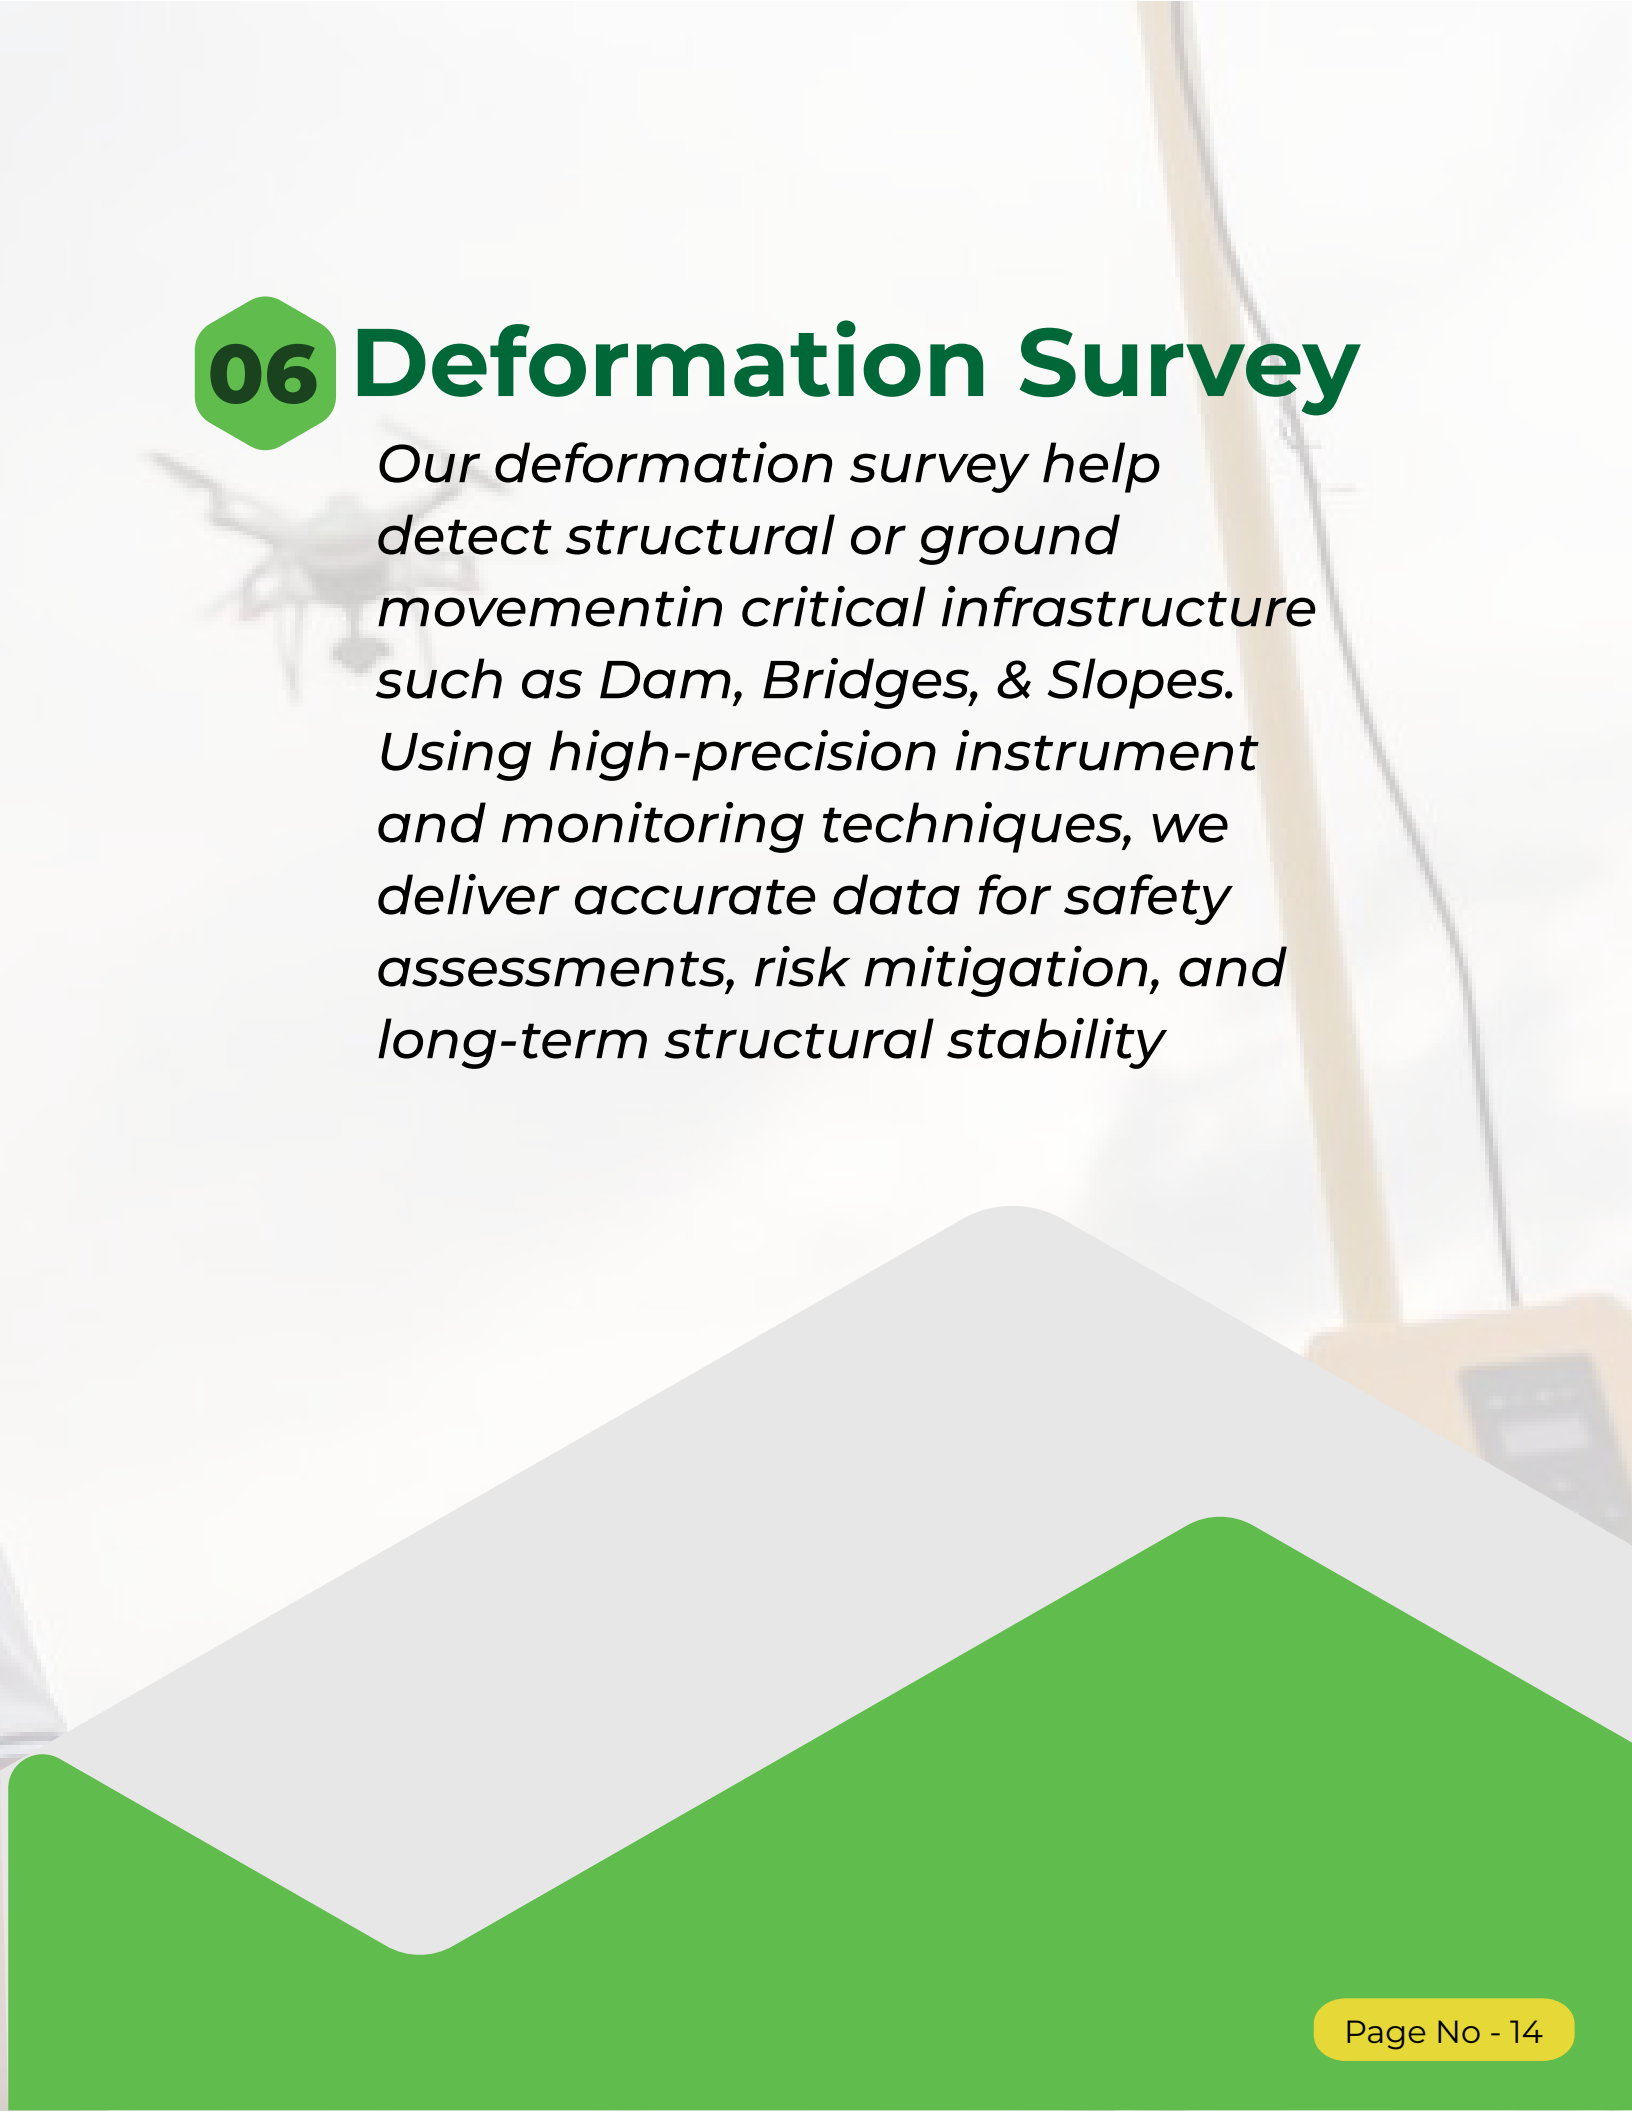

We utilize satellite imagery and aerial data to monitor land use, vegetation, water bodies, and environmental changes. Our remote sensing services are critical for planning, disaster risk reduction, and resource management.

OUR SERVICES

05 Substation Survey

We offer Comprehensive substation survey service to support the planning, design, and construction of power facilities. Our Services include Topographic Mapping, Boundary Demarcation, control point establishment, construction layout, and as-built survey using advance Technology,

06 Deformation Survey

Our deformation survey help detect structural or ground movement in critical infrastructure such as Dam, Bridges, & Slopes. Using high-precision instrument and monitoring techniques, we deliver accurate data for safety assessments, risk mitigation, and long-term structural stability

OUR SERVICES

07 Hydrography & Offshore Positioning

We offer hydrographic surveying and offshore positioning services that provide accurate bathymetric data for navigation, marine construction, dredging, and underwater infrastructure projects.

08

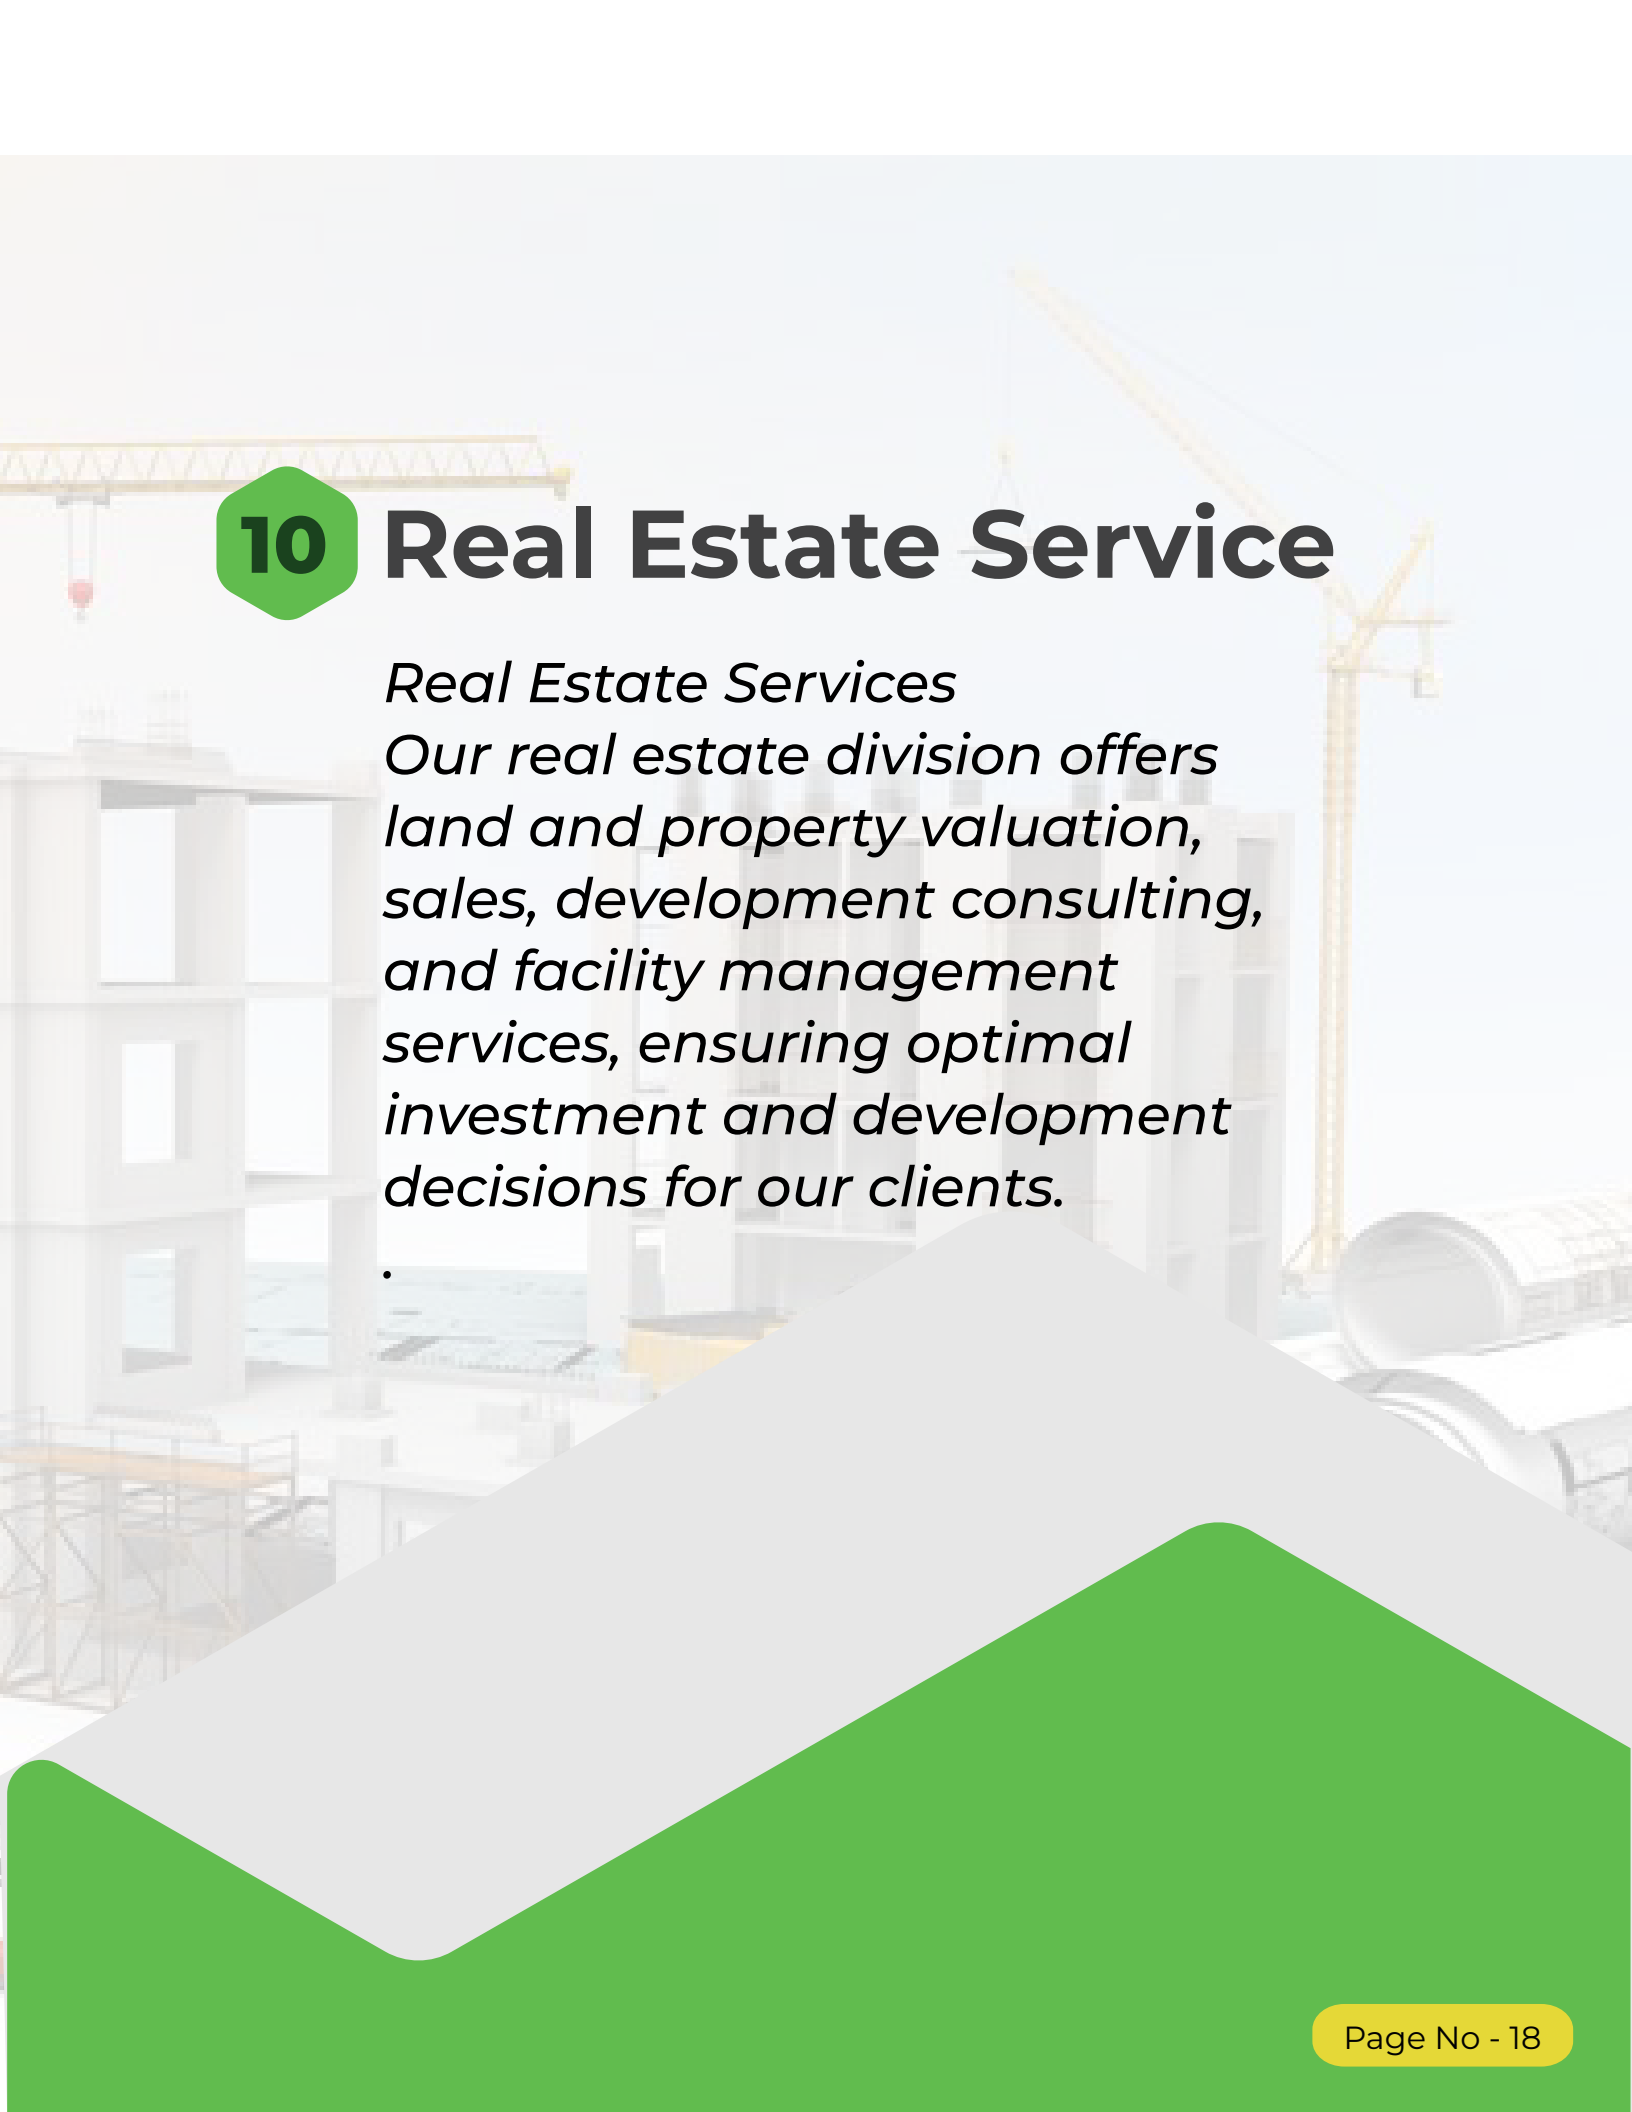

Drone Mapping & Aerial Surveying

Using drones and manned aircraft, we conduct aerial surveys and produce high-resolution photographic maps. This enhances project planning, monitoring, and environmental assessment with up-to-date spatial data.

OUR SERVICES

09 Engineering & Construction Service

We undertake civil and structural engineering projects, including road, bridge, drainage, and building construction. Our team delivers quality infrastructure through innovation, technical expertise, and timely execution.

10 Real Estate Service

Real Estate Services

Our real estate division offers land and property valuation, sales, development consulting, and facility management services, ensuring optimal investment and development decisions for our clients.

.

OUR SERVICES

11

Geotechnical & Geophysical Survey

We provide subsurface investigations that assess soil and rock properties for construction feasibility, foundation design, and site selection.

Our geophysical surveys support mineral exploration and groundwater detection.

12

Erosion or Flood Control Projects

We plan and execute erosion control and flood mitigation projects that protect communities, infrastructure, and the environment. Our services include site assessments, hydrological modeling, and the implementation of engineering solutions.

.

OUR SERVICES

13 Supply of Survey Equipment and Materials

We supply high-quality surveying instruments, accessories, and materials tailored to meet the needs of survey professionals and institutions, ensuring accuracy and durability in field operations.

14

General Contractor

As a trusted general contractor, we provide comprehensive project management and execution services across a wide range of infrastructure and development projects. Our responsibilities span from the initial planning phase through to final project delivery, ensuring quality, safety, and compliance at every stage.

We coordinate all aspects of construction, including procurement of materials, mobilization of skilled labor, supervision of subcontractors, and adherence to timelines and budgets. Our team brings together expertise in civil engineering, project planning, logistics, and regulatory standards to guarantee seamless implementation and successful project outcomes.

Our Clients

Why Choose Us?

Decade of Excellence

With over 10 years of experience, we have built a solid reputation for delivering precise, reliable, and innovative geospatial and construction solutions.

Comprehensive Services

From cadastral and hydrographic surveying to GIS, engineering construction, and environmental solutions, we offer a one-stop-shop for all your spatial and infrastructure needs.

Experienced Professionals

Our team consists of certified surveyors, GIS analysts, engineers, and project managers dedicated to delivering quality and efficiency on every project.

Advanced Technology

We use cutting-edge tools and techniques, including drones, GPS, remote sensing, and modern GIS software, to ensure accuracy and timeliness.

Nationwide Reach

With offices in Gombe, Abuja, Lagos, Kano, and Port Harcourt, we are strategically positioned to serve clients across Nigeria and beyond.

Trusted by Industry Leaders

We've worked with top organizations such as Lafarge Africa Plc, NIWA, PZ Cussons, ACREsAL, NewMap, Coopi, Paras Energy, Universities and Polytechnics, LPRES, and More consistently exceeding expectations.

Commitment to Sustainability

We integrate sustainable practices in all our operations, contributing to environmental preservation and community development

Our Strategic Partners

Crafted Focus Ltd is a dynamic company specializing in surveying, construction, and oil & gas services. Known for its precision, innovation, and commitment to quality, the company plays a vital role in delivering top-tier technical support and field solutions. Their extensive experience and collaborative approach make them a trusted partner in executing complex infrastructure and energy projects.

Ignited Goals Ltd is a forward-thinking firm offering professional services in surveying, construction, and the oil & gas industry.

With a strong emphasis on sustainable practices and cutting-edge technology, they bring valuable insights and execution capabilities to our joint ventures. Their dedication to excellence and client satisfaction contributes significantly to our shared success.

Sir,

I.S SURVEYING & GEOINFORMATICS LTD

VALUE ADDED TAX ACT CAPV1 2004 LFN.

I wish to refer to your application for VAT registration dated 05th March, 2023 and to inform you that you have been duly registered as a VAT collecting agent for Federal Inland Revenue Service.

Your VAT registration number is **GMNCR050021093713** while **TIN** is **21822969-0001**

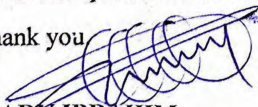

These numbers should be quoted in all correspondence with this office and on all your invoices.

As VAT collecting agent, you are expected to carry out the following duties:

- Collect VAT on behalf of Federal Inland Revenue Service,
- Remit the amount collected through designated Banks on monthly basis,
- Render monthly VAT returns to Gombe Micro and Small Tax Office in accordance with provision of Section 15 of Value Added Tax Act Cap V1 2004 LFN.

Be informed that failure to carry out any of the above duties attracts penalty as stipulated in relevant provisions of the laws.

Thank you

MARY IBRAHIM

It pays to pay your taxes..
